

“Learning on the Go: Training, Touring, and Tasting”

As a business professional, your competitive sales advantage lies in presenting creative, unique tools to clients, and also having an energized, motivated team to pull it off. We have just such a program, whether it is for your clients or your sales or customer services team. Either way, people will be inspired!

How about something your competition does not offer?

“Learning on the Go” -- Training and team-building are both critical to a team’s growth and success, but too often there isn’t time for both. We’ve got the solution.

We’ll customize an energetic, interactive group *field trip* that provides your clients or your team with useful business training (sales, customer service, personal branding, communication, management/leadership, etc.) AND we’ll combine it with a fun team-building event. Settings include wineries (ask about our *“Winemaker for the day”* program), private retreat facilities, museums, and venues of all types. Typical group sizes range from 10 to 50 people.

Let us show you how our innovative programs can energize and inspire your clients and your team.
